I have been a member of the FCC since 2008, and I fully enjoy the facilities and services of the club.

I served as the Journalist Governor of the FCC Board of Governors for the years of 2013-2014 & 2014-2015. It would be my honor to serve once again. From the time of my service on the board, I have continued to serve on the F&B committee, helping to select wines for the FCC menu as well as on the Wall committee, helping to select and organize photo exhibitions for the club walls.

As a writer and a publisher, I see both sides of the business. As a writer, I understand the challenges for literary talent in a changing media environment; as a publisher, I appreciate the business challenges for publications.

I am concerned about the integrity and quality of journalism in Hong Kong. I believe it is essential that we maintain an atmosphere where journalists can write features and stories to create dialogue in the community, without hesitation. I am especially interested in the education and training of young writers and have hired and worked with graduates of local journalism programs. I believe that professionals and businesses alike can and must do more to foster an atmosphere that encourages the development of young talent.
