

**Bio & Policy Statement from
A Nominee for Correspondent Member Governor
Board of Governors 2020-2021**

Richard MACAULEY
Affiliation: Bloomberg

After serving with the F&B Committee for the past two years, I'm running in 2020 to help make sure we're at our best during a challenging period.

The virus and its impacts will hurt F&B sales this year but I hope to offer my time and experience to assist Didier and our staff through the challenges ahead -- and to make sure we can come out the other side even stronger.

One concrete success in this area last year was the addition of the FCC's exclusive and locally brewed house beer – the Headline Pilsner.

Last year, I promised I would begin creating an audio history of the club. But with protests and viruses, 2019 had other plans for us all, and I've been slow to make progress.

If elected this year, I will be able to dedicate more time and energy to making sure that I commit our members' stories to audio. And as for interview subjects, I will be asking for volunteers, and nominations!

Cheers.

BIOGRAPHY

Richard has lived and worked in Hong Kong and mainland China for 13 years. In that time, Richard has worked as a freelance reporter, as staff with Quartz, and now works with Bloomberg.
